WHOLESALE PRICE LIST
OF
GREENHOUSE AND
BEDDING PLANTS
GROWERS OF PLANTS FOR THE TRADE

TO OUR PATRONS

To Be Read Before Ordering

NON-WARRANTY

WE wish to be distinctly understood that, while we take every precaution to have all plants and bulbs true to name, we give no warranty, express or implied, as to description, quality productiveness, or any other matter, of any of the plants or bulbs we send out, and will not in any way be responsible for the crop. Every order we receive will be executed on these conditions only, and they must be accepted by the customer when ordering goods.

WE AIM to get new customers and keep old ones, and by honorable dealing to satisfy both customers and ourselves.

CONDITIONS OF SALE

THIS LIST CANCELS ALL PREVIOUS QUOTATIONS. All offers are made subject to goods being unsold. These prices are for a strictly wholesale trade. C. O. D. orders must be accompanied by one-half of the amount of order.

The plants named are offered at the rates quoted, provided not less than fifty of any one variety of vegetable plants, and not less than five of flower plants are taken. Where less than these numbers are ordered we reserve the right to charge retail prices. Special prices are made for large lots.

No charges are made for boxes or packing, nor for delivery to express or freight office, on orders amounting to \$1.00 and over; on orders of less than \$1.00, 15 cents must be added to pay for packing.

AS HERETOFORE, ALL SALES AND QUOTATIONS ARE MADE ON A STRICTLY CASH BASIS, REGARDLESS OF THE RESPONSIBILITY OF THE CUSTOMERS. We make low prices, guarantee full count, and render the best possible service in every way.

All claims must be made immediately upon receipt of goods; later claims will not be considered. When loss occurs through our fault we will take pleasure in correcting it, but we cannot be held responsible for damages occurring in transit.

We cannot hold plants on an inquiry without a guarantee of acceptance.

Orders for growing crops accepted subject to crop failure, shortage or other causes beyond our control.

We prefer to ship orders by express; they then travel at a special plant rate, which is considerably lower than regular merchandise. It is not necessary that charges should be prepaid to secure this rate. We have the Adams and Wells Fargo Express.

We take all possible means to keep every variety separate and true to name.

To all who are interested in horticulture we extend an invitation to visit our establishment at any time, and to inspect our stock, feeling confident that they will find it up to the highest standard of perfection that is possible to attain.

We are located 12 miles north of Baltimore. Get off at *Cowenton* on the Philadelphia division of the B. & O. R. R., or at *Chase* on the P. B. & W. of the Pennsylvania system. Send us word of your coming and we will meet you at either station.

White Phenomenal. Deep pink sepals, large, white corolla.

IV GERANIUMS IN CALIFORNIA—600 FEET

SCARLET BEDDER

MARYLAND

R. Vincent, Jr. and Sons Co., 1914 Catalogue

GERANIUMS

MARYLAND

Introductory Description

Ever since we have been in the Geranium business we have endeavored to find a novelty on which we could stake our reputation. In this endeavor we have raised hundreds of seedlings ourselves and discarded innumerable very promising seedlings offered by others, as not possessing the qualities we desired should be in our first novelty. Several years ago we placed in the hands of an expert hybridizer certain stock from which we believed the desired results could be obtained, with instructions that he was to spare neither time nor expense to produce a variety that would embrace, as far as possible, all that was required in a Geranium—color, health, fullness, habit of growth and freedom of bloom. We have no hesitation in claiming that these qualities are all found in our novelty for 1914, the Maryland.

The Maryland is the result of a cross between Alphonse Ricard and La Pilote. In habit of growth it resembles the La Pilote, only much stronger, being more robust, vigorous and branching. The foliage is handsomely marked with a chocolate zone. The individual flowers are magnificent, semidouble, perfectly formed and of grand texture, being profusely produced in enormous trusses. The color is of the most intense, dazzling, fiery red and of marvelous beauty. Words are inadequate to accurately describe the wonderful beauty of the flower and the exquisite finish of the plant.

Maryland is a variety that we introduce to the florist and the great mass of flower lovers with every confidence that it will, with its most pleasing habit and strong constitution, prove satisfactory in every way, and meet every requirement of a first-class Geranium.

Since introducing Maryland and having it tried by innumerable impartial growers, we find no reason to withdraw any of our claims for its merits and now having a good stock, we place it at a popular price. \$1.00 per doz., \$4.00 per 100.

ROZAIN-BOUCHARLAT 1913 NOVELTIES

35 cts. each.

- Henri Bordeaux.** Amaranth red, with purplish tint; white center.
Herve de Rauville. Beautiful shade of flesh pink, suffused salmon pink.
